2014 Professional Dive Safety Conference

APRIL 7 - 8, 2014

**Washington State Convention and Trade Center
Seattle, WA**

*More details will follow
in the coming months.
Help spread the word!*

The **Washington State Department of Natural Resources** (DNR) is hosting a two-day conference in April 2014 focused on professional diver safety, with an added emphasis on divers who work for public agencies.

The Professional Dive Safety Conference will bring together local, state, and national dive experts to present the latest scientific research, technology, and best management practices related to public agency commercial dive programs.

Proposed topics

- Dive safety plan
- Regulatory framework
- Diver training
- Hyperbaric medicine
- Equipment maintenance
- External program review

CALL FOR PRESENTERS / PANEL LEADERS

We are looking for experts who can help us make this conference a success and a valuable experience for participants. If you would like to be a presenter, know someone with expertise to share, or have ideas for plenary session topics, please let us know.
